Earthquake Here.

An earthquake visited the States of Ohio, Indiana, Virginia, North Carolina and Kentucky on Monday at 10 o'clock, p. m. Hon. J. A. Sullivan was at that hour in his room on the upper floor of the Hotel Glynndon, and distinctly felt the shock. He was so much alarmed by the wave that he declared he had to stop reading the Courier Journal—for the time being!

Had an Awful Fall.

Messrs. E. B. Hume and Al Curtis, en route to Silver Creek last Wednesday, were thrown out of their buggy and the former was badly bruised about the hip. At first it was feared he was permanently crippled, but now it is hoped he will be spared that fate. However, he had a narrow escape from death or disability for life, and his sufferings were excruciating. He is now better.

Mrs. White's Music Class.

The Hotel Glynndon was the scene of a fine assemblage last evening, the occasion being the annual piano recital by the pupils of Mrs. W. C. White. The occasions always call for large audiences and they are invariably rewarded by a splendid entertainment. Mrs. White is a gifted and cultured musician and her pupils show the impress of her conscientious and superior training.

His slayer was lodged in jail and will be tried to-morrow.

Still ahead of them all.

Still ahead of them all. They can't touch out low prices on first-class groceries. Some may attempt it but they will fail by the way side. Dull days are a thing of the past at our store. D. Chennault & Co. apr28-14

She Was Not Hurt.

The report that Andrew Metz, a bricklayer, had cut his wife's throat, at Union, last Saturday, created much excitement here, coming as it did a few minutes after the fatal affray between the negroes, Johnson and Chambers. Sheriff Simmons and Coroner Brown hastened to the scene and found that the rumor was unfounded. Metz was drunk and had threatened to kill his wife in the presence of a girl, who ran to a neighbor for assistance.

Old Union in Religion, As in Politics, is Without a Peer.
When it comes to Democratic majorities commend us to Union; likewise when it comes to big dinners and religious enthusiasm, such as was manifested there last Sunday, when the Baptist church was re-dedicated. Three thousand people flocked to the scene from all points and the day was one long to be remembered. Dr. McCown presided, the sermon and Mr. Will Crutcher took the collection of over \$300, which squared the church debt.

Mrs. L. Whitsett, Pres.

Mrs. MARY B. PATTERSON, Cor. Sec. Kingston High School.
The patrons and friends of the Kingston High School were treated to a splendid exhibition last Friday at the conclusion of the year's work. Prof. Bostan and Prof. Riggs had prepared an excellent program, which set forth very fully the advancement made by their scholars, and to say the least, the program was a success, a mild compliment. It was beyond question the best ever given in that section, and will be remembered by every spectator who braved the rain storm to witness it. The two professors have made many friends at Kingston, and their scholars are devoted to them.

Madison Institute Commencement.

Rev. Dr. Willis, Chicago, delivered the address to the graduates of Madison Institute on Thursday at the Christian church, which was, as usual, crowded beyond its capacity. The address was a most learned and interesting one, and was listened to with perfect attention. The following young ladies were awarded diplomas: Misses Emma Duncan, Mattie Trumble, Annie Bright, Florrie Chennault, Bessie Turley, Josephine Schmidt, of this city and Amy Caldwell, of Virginia. Saxton's band furnished the music. In the evening the boarding pupils gave a reception in honor of the graduating class, which was a delightful affair.

The admirable sermon on Sunday preceding by Rev. McClelland, of Shelbyville was the opening exercise of the week. It was followed by a musical in the college chapel on Tuesday night. Aside from the excellent program rendered, a contest took place for a prize awarded to that pupil who had made the greatest progress. Miss Ida Speed was given first prize; Miss Florrie Chennault, second; Miss Ray Streng, third. The judges were Mrs. Harry R. Hanger, and Messrs. Patton and Cole.

Blue Grass Tournament.
The second Great Blue Grass Tournament occupied three days at Harrodsburg, last week. The results, so far as Richmond is concerned, were very gratifying. We had six contestants, and two were successful. Miss Nellie Mershon, niece of Miss Annie Mershon, won the prize in Trigonometry. This was no surprise, for she is known to be extremely proficient in all branches of mathematics. Miss Mossie Parrish, daughter of our fellow townsman, Lyman Parrish, had a more difficult task in the piano solo contest. Among her four competitors was a grown young lady who played Liszt's Second Rhapsody, yet Miss Parrish was undaunted by the admirable rendition, and proceeded with Staccato Etude, and captured the audience and the prize. Her triumph reflects great credit upon her teacher, Mrs. G. W. Pickels, and the latter is receiving many compliments upon the result.

The sick man knocking at the door of health gets in if he knocks the right way, and stays out if he doesn't. There are thousands of ways of getting sick but only one way to get well. Do whatever you will, if you do not put your digestion in good order, and make your blood rich and pure, you will not get well. Rich, pure blood is the only thing that can bring perfect health.

Consideration is a disease of the blood. A large part of all diseases are traceable directly to impurities in the blood, and can be cured by eliminating them with Dr. Pierce's Golden Medical Discovery. The first thing it does is to put the whole digestive system into perfect order. It stimulates the appetite, excites a copious secretion of the digestive fluids and promotes assimilation. It searches out disease germs wherever they may be, kills them and forces them out of the system. The "Golden Medical Discovery" has been used with unvarying success for over 30 years. It
